Professional Summary

Ambitious Front-End Developer with hands-on experience in UI/UX design and the integration of AI into web applications. Proficient in creating responsive, accessible, and visually engaging user interfaces using modern front-end technologies. Passionate about delivering intelligent, user-centric digital experiences that seamlessly blend design and functionality

Education

University College of Engineering, Kanchipuram   Nov 2022 - June2026
Bachelor of Engineering (B.E) in Computer Science and Engineering
CGPA: 8.5/10

Internship Experience

FrontEnd Developer Intern, CodeAlpha - Chennai, TamilNadu   July 2025 - Aug 2025
- Developed responsive and user-centric web interfaces using HTML, CSS, and JavaScript, ensuring optimal performance across devices and browsers.
- Collaborated with UI/UX designers to translate design mockups into pixel-perfect, accessible front-end components.
- Integrated interactive features and optimized front-end code for performance, scalability, and maintainability using modern development practices.

Projects

Personal Portfolio Website   Github | Demo
- Built a responsive & dynamic portfolio website using React & Tailwind CSS to showcase projects, skills, & contact .
- Applied modern UI/UX design principles with smooth navigation, component-based architecture, & optimized

SmartCrop Recommendation System   Github| Demo
- Developed a machine learning model to recommend crops based on environmental and soil data using Python.
- Enhanced prediction accuracy and decision-making through intelligent data analysis and clean UI presentation.

Food Delivery App UI/UX Screens   Github | Demo
- Designed intuitive UI/UX screens for a food delivery app using Figma, focusing on user flow, consistency, and accessibility.
- Conducted design iterations based on feedback to improve usability and visual hierarchy.

Certification

- **Python Programming, Generative AI - GUVI**

  Certified in Python Programming & Generative AI from GUVI with hands-on experience in AI fundamentals and Python.
- **Microsoft Ai Azure**

  Completed a one-month internship with, gaining hands-on experience in cloud computing, AI integration, & Azure services.
- **Introduction to Machine Learning - NPTEL (IIT Madras)**

  Certified in ML with hands-on experience, gaining foundational knowledge of ML algorithms and real-world applications.

Technologies

Languages: HTML, CSS, JavaScript, Python, SQl.
Tools & Frameworks: React.js, Tailwind CSS, Git, GitHub, Figma
